New!

The new Corning Low Profile 100 cm² Flask design gives you more cells per vessel requiring less incubator space and less subculturing

Cell culture is easier with Corning Low Profile 100 cm² flasks

- ▶ **Easier on space** – 33% more cells per low profile flask can double the number of cells per incubator compared to T75 flask
- ▶ **Easier opening** – new cap design only requires a 1/2 turn
- ▶ **Easier growing** – Corning CellBIND® Surface gives optimum cell attachment
- ▶ **Easier access** – corner cap location for better pipetting and pouring
- ▶ **Easier handling** – thinner profile for better pick up and gripping
- ▶ **Easier working** – more cells/flask reduces number of flasks needed

Corning® Low Profile 100 cm² Flask – Grow More Cells in Less Space!

Incubator Space Savings –
Three Corning low profile 100 cm² flasks have the same surface area as four Corning T-75 Flasks in half the space.

New Corning Low Profile 100 cm² flasks grow 33% more cells in a 75 cm² flask footprint.

Corning Low Profile Flask Ordering Information

Cat. No.	Description	Qty/Pk	Qty/Cs
3073	Low Profile 100 cm ² Flask	6	60
